Picture the Future An Early Learning Outreach Event

What: *Picture the Future* is an opportunity for four-year olds to participate in an art project expressing their personal vision of the future. Legislators and other policy-makers will be invited by directors, teachers and parents of participating early learning centers, family child care homes and public pre-k classrooms to discuss the importance of completing the mission of ensuring high quality pre-k in Florida, beginning with degreed teachers.

Who: *The 3rd Annual Picture the Future* will feature legislator visits to early learning centers, family child care homes and public pre-k classrooms across the state. They will hear from business and community leaders, parents and teachers about the benefits of investing in high-quality pre-k.

Why: To emphasize the need to equip schools with degreed teachers by the year 2013 for Florida's pre-kindergarten classrooms to make high quality early learning and degreed teachers a public policy priority.

When: *The 3rd Annual Picture the Future* will take place from September 2008 through March 2009.

Where: *Picture the Future* is a statewide event.

To learn more or to participate in *Picture the Future*, please contact Raquel Bailey, Event Planner, Children's Campaign, Inc. at 850.425.2600 ext. 13 or rbailey@iamforkids.org
